

Recovery Reinvented with the North Dakota Council of the Arts

CALL FOR MUSICAL ARTISTS

Recovery Reinvented seeks musical artists to join us for the third Recovery Reinvented Conference on November 12, in Bismarck, ND at the Expo Center. The vocalist and/or musical group selected will present one-two numbers at the conference.

We are looking for upbeat, energetic material! Your total presentation time must be under seven minutes.

You do not need to be in recovery to submit, but the thematic material must be focused on Recovery. All musical genres will be considered and may include a movement component. An arts panel will select the two-three final presenters.

Your work will be performed in front of over 1000 people, gathered to address addiction and recovery without shame or stigma.

- A small stipend may be available to cover necessary travel and/or certain technical needs.
- Free attendance to the day-long conference is provided.
- Rehearsals will take place in Bismarck in late October.
- For questions contact kkonikow@nd.gov. For application submission, see below.
- **Submission deadline: September 20.**

More information is available at www.recoveryreinvented.com
